GG AI Services

AI that works for your business.

Bring one task your team repeats every week.

We'll look at how you do it today, set up a practical workflow and teach the people who will use it.

Ways to work together

AI Discovery Call — Free
20–30 minutes to discuss one task and identify a next step.

AI Jumpstart — $99
One hour of personalized setup and one reusable workflow.

Business AI Starter — $299
Up to three practical workflows, owner training and a written guide.

Business AI Implementation — From $749
A scoped build with setup, team training and documentation.

Ongoing AI Support — From $149/month
Scheduled help with existing workflows and incremental improvements.

Founding-client offer
The first five businesses purchasing Starter or Implementation receive an extra 30-minute follow-up within 30 days of handoff. Software subscriptions are separate.

Book a free discovery call.
